SOCIAL STUDIES

NATURAL AND BUILT ENVIRONMENT

Natural Environment

Compass direction

A compass is an instrument used to give directions.

It has a needle that always points to the north.

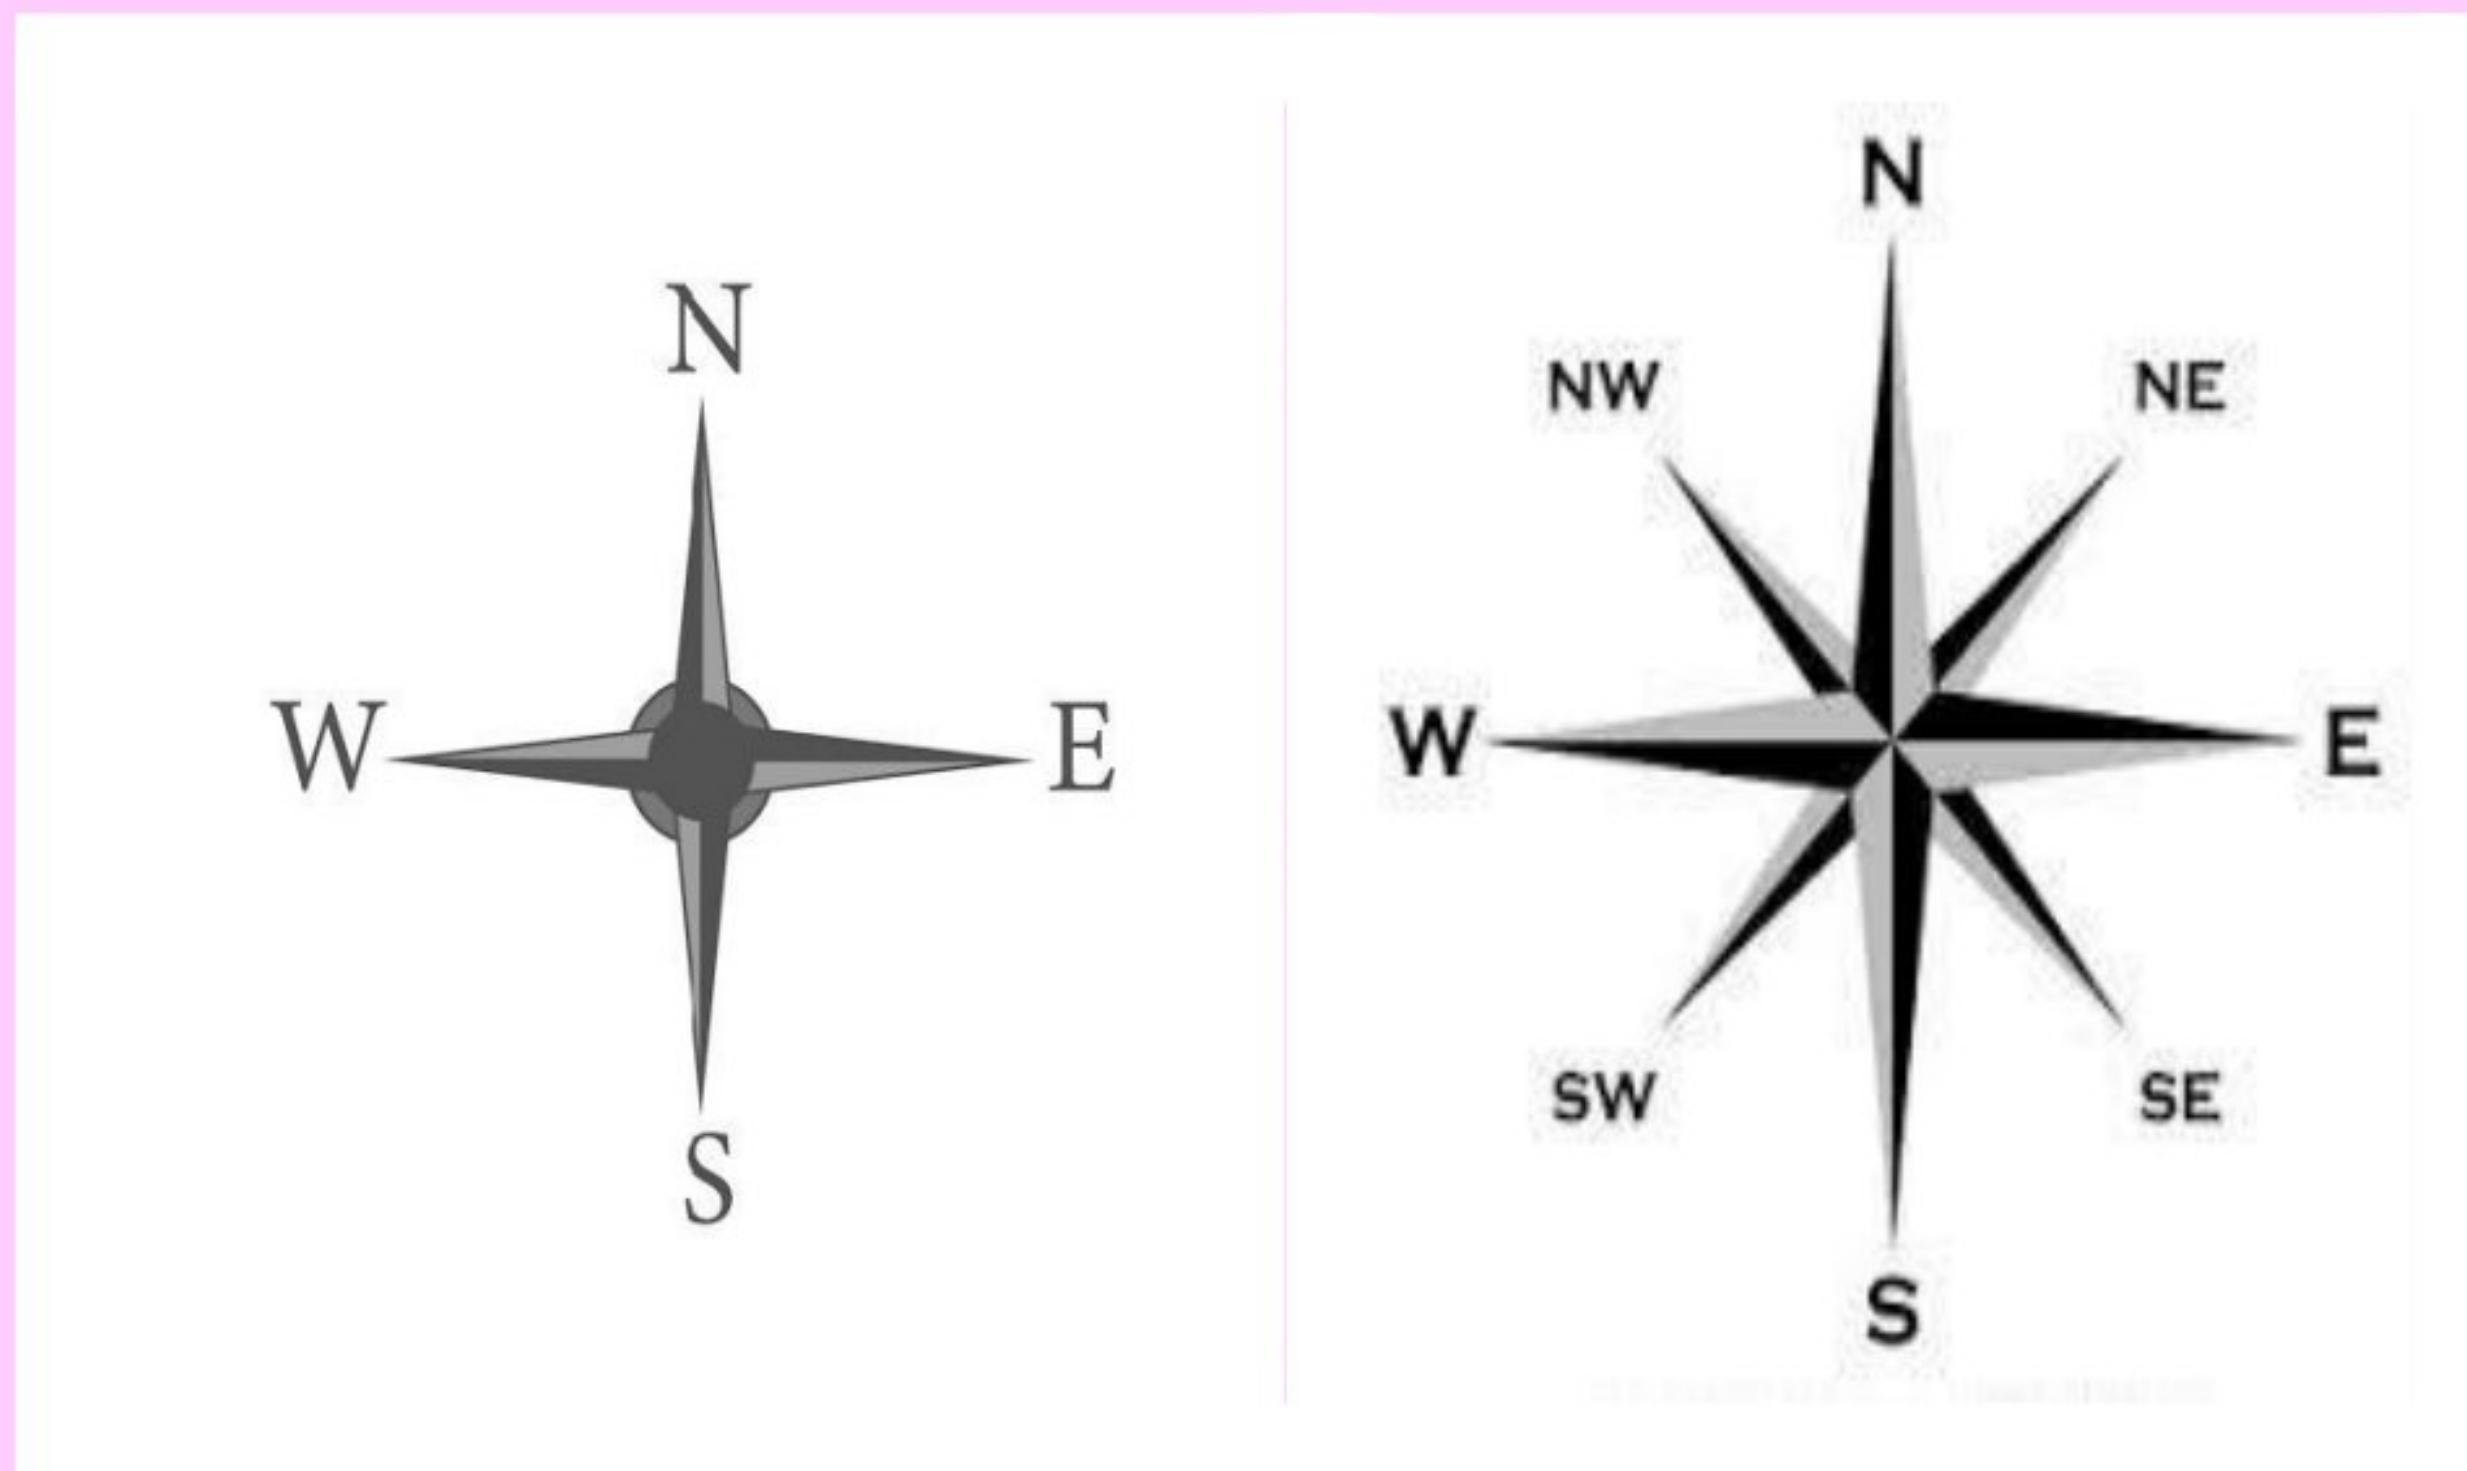

A compass helps us to establish the direction of one place from another.

The four main points are known as cardinal points.

They are North, East, West and South.

There are four other intermediate points.

They lie halfway between the cardinal points.

Work to do

1. Draw a compass direction.

2. Name the cardinal points.

3. _____ is opposite North.

4. The point between North and East is _____.

5. Where does the needle of the compass always point?

6. The point between South and West is _____.

7. If you are standing facing west, what direction will it be to your left hand side?

Map

___ A map is a drawing that shows a part of the land and the things on the land.

___ A compass is found on a map.

Location and Size of the county

___ Kenya is divided into parts called counties.

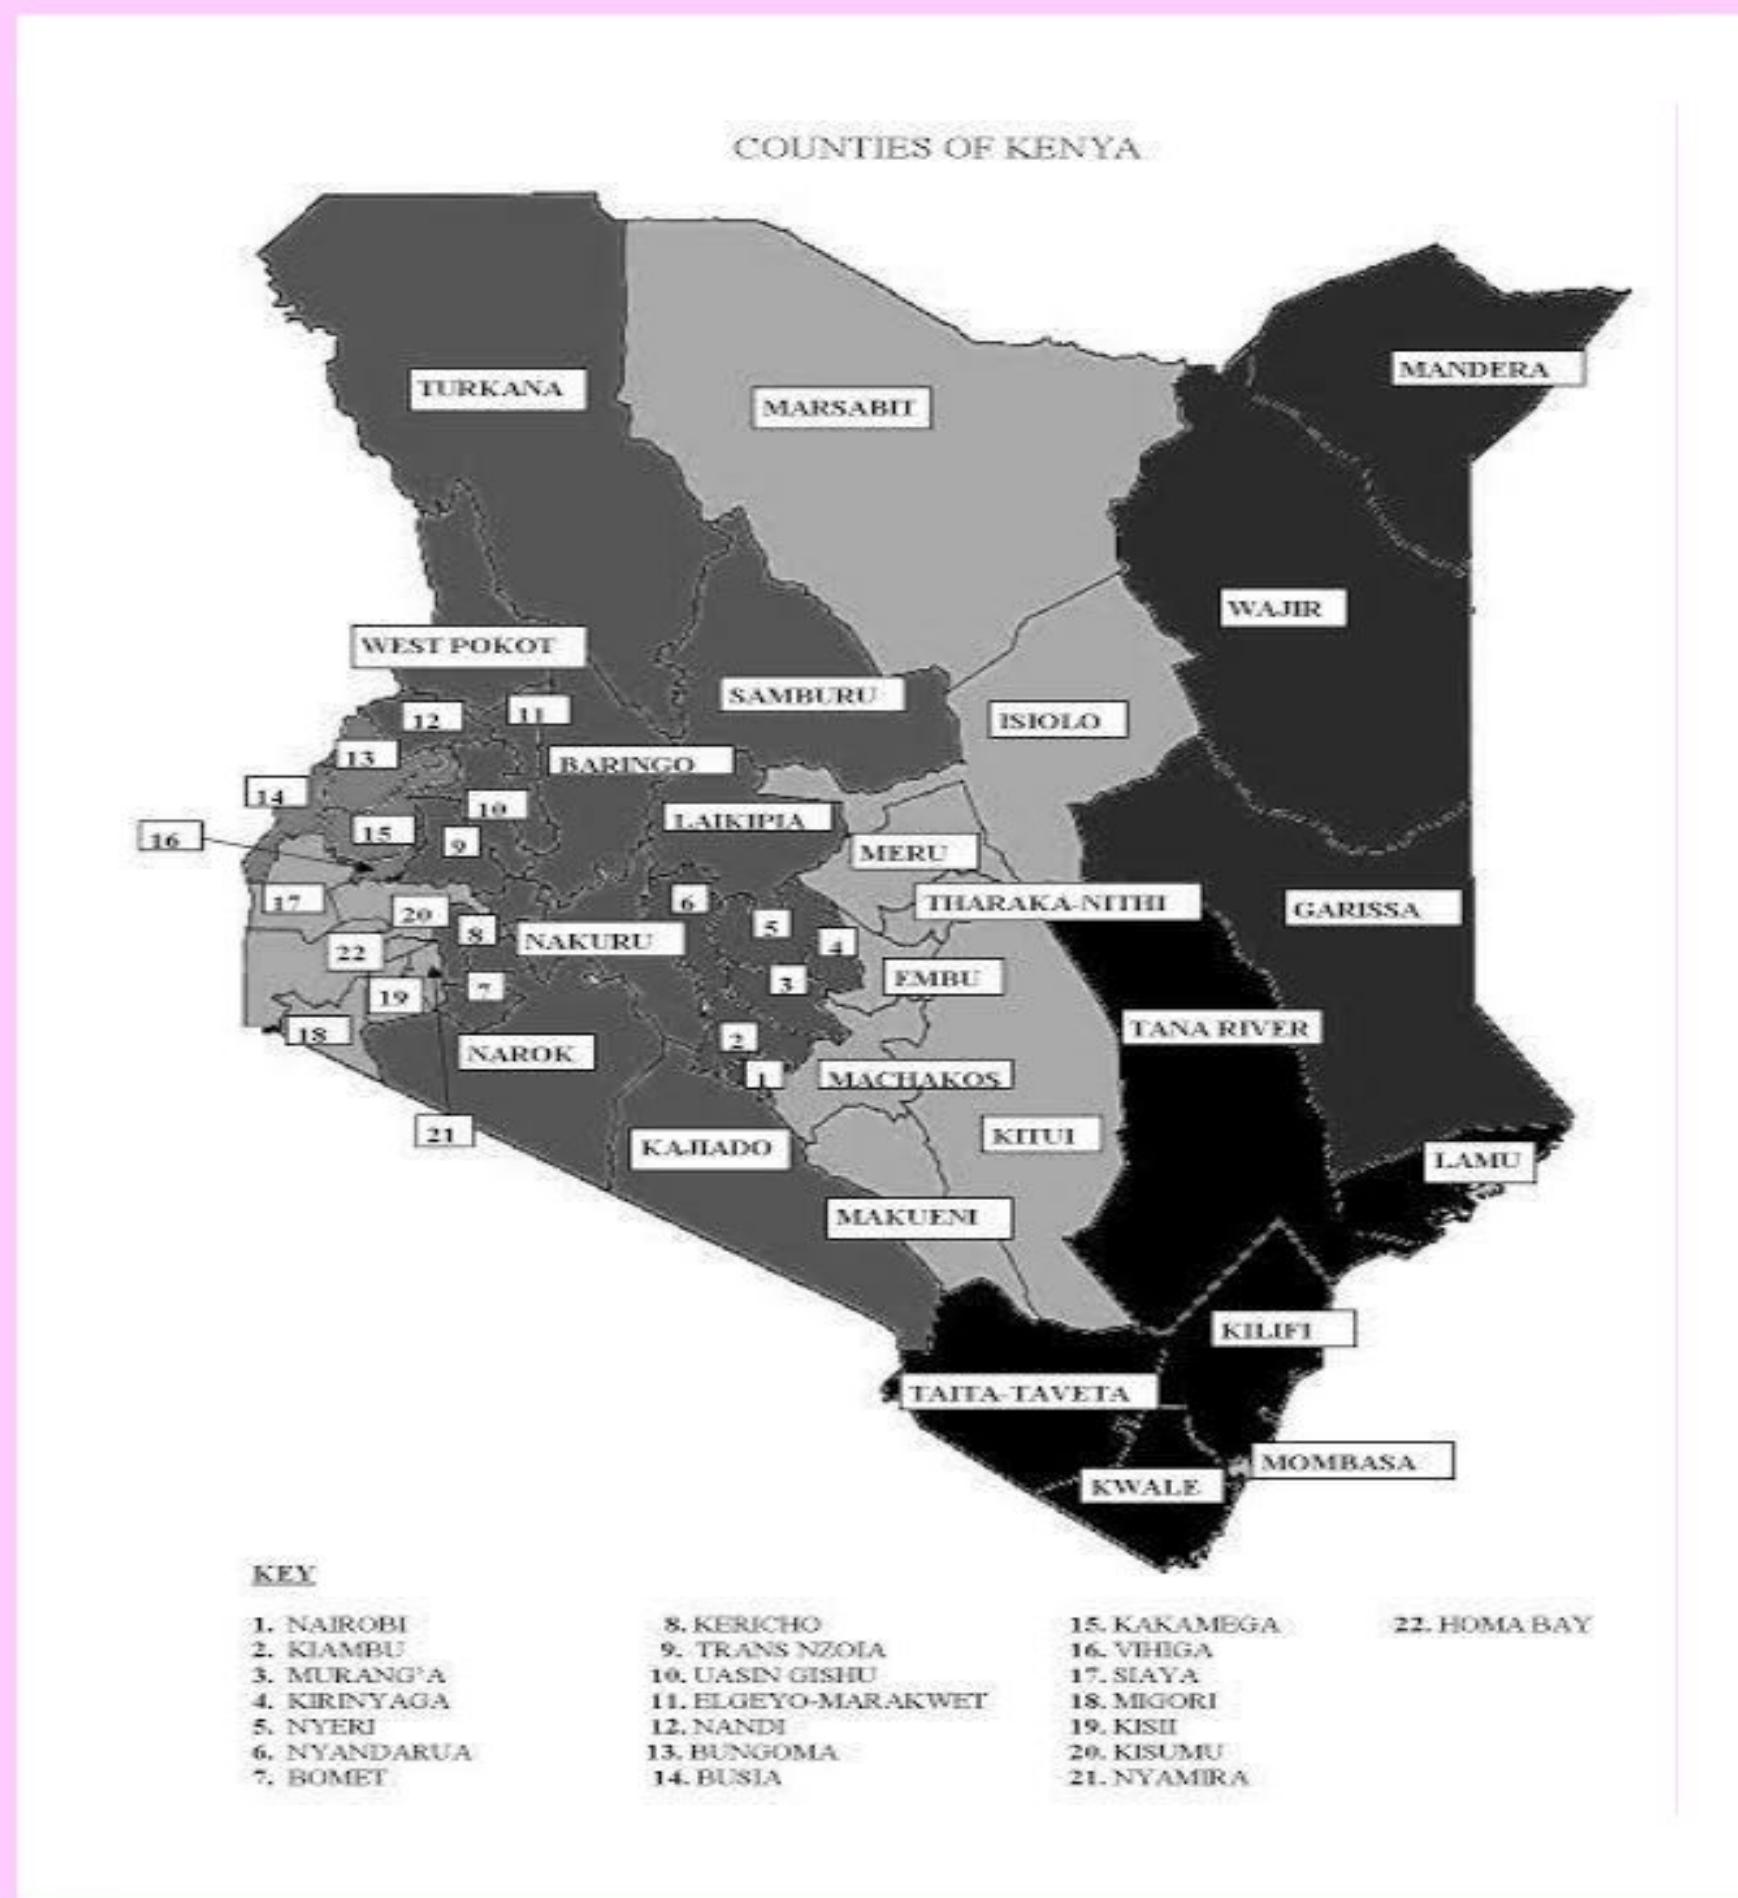

___ Kenya has 47 counties.

___ A county is an area in a county that has its own government.

___ The largest county in Kenya is Marsabit.

___ A county which has the capital city of Kenya is Nairobi.

___ The smallest county in Kenya is Mombasa.

Sub counties in the county

A county is made up of parts called sub counties.

A sub county is an administrative unit within a county.

Nairobi county has nine sub counties namely ;

1. Dagoretti
2. Westlands
3. Kasarani
4. Kamukunji
5. Njiru
6. Lang'ata
7. Starehe
8. Makadara
9. Embakasi

The neighbours of the county

Every county in Kenya shares a boundary.

Counties that share boundaries with each other are said to be neighbours.

Boundary is a line that separates one place from another.

Work to do

1. What is a county?
2. Kenya is made up of _____ counties.
3. What is a sub county?
4. Name three counties that neighbours your county.
5. The biggest county in Kenya is _____.

Physical features

Physical features are natural things found on the land around us.

Examples of physical features

- a. **Valleys** - are **low** parts of land found between higher parts of land.
- b. **Mountain**-**a part** of land which is very high usually higher than a hill.
- c. **Hill**- a part of the land that is higher than the area around it.
- d. **Swamps** - are areas covered by shallow water.
- e. **Ocean** -a large body of water that is salty.
- f. **Lake** - **a large** area of water that is surrounded by land.
- g. **Plain** - a large low lying area of almost flat land.
- h. **Rivers** - **a** large body of water that is flows in a definite channel.
- i. **Plateaus** - is a high flat land. Also known as table land.

Examples of different physical features

| | |
|------------------|--|
| Mountains | Kenya, Elgon, Longonot, Suswa, Menengai, Ndoto, Kulal, Ol-doinyo Nyiro |
| Plains | Lotikipi, Kano, Kapiti, Athi, Bhokol, Awara, Bilesa, Loita, Embakasi, Kaputei, Woyamdera |
| Plateaus | Nyika, Yatta, Uasin Gishu, Merti, Kaisut, Loriu, Sagererua, Lerochi, Rosarus, Laikipia |
| Others | Chimba, Chulu, Taita, Mombasa, Nyumbane, Nairobi, Mombasa |

Rivers in Nairobi county

- ___ Nairobi River
- ___ Mbagathi (Ngong)
- ___ Mokoyeti
- Mathare
- ___ Kirichua Kubwa

Importance of physical features

Hills and mountains are sources of rivers.

Some Hills and mountains are tourist attractions.

Hills are suitable sites for installation of communication equipment e.g masts.

Rivers,lakes,oceans and swamps provide water for domestic use.

Some rivers are used as boundary markers.

Plains are suitable farming areas.

Plains are good grazing areas for livestock.

Some plains are home to wildlife which attracts tourists.

Reeds growing in swamps are used for weaving and basketry

Some rivers and lakes are used to provide means for transport.

Ways of protecting physical features

- ___ Creating awareness on their importance.
- ___ Avoid dumping or disposing wastes into water sources.
- ___ Planting more trees(Afforestation)
- ___ Forest-fencing using electric fence.
- ___ Enforcing laws Enforcing on waste disposal from factories.

Discourage farming along the River Bank.

Control erosion to curb silting and pollution.

Avoid oil spillage.

Seasons in the county

Season - is a long period of time over which one type of weather is experienced.

A season can be either hot ,dry ,cold or wet.

March, April and May are wet months.

January and February are dry months.

Seasons affect our activities in the county.

Activities carried out during wet season

___Planting crops

___Weeding

___Fishing

Activities carried out during dry season

Fishing

Harvesting crops

Collecting sand

Repairing roofs

Digging

Activities carried out during cold season

Planting crops

Fishing

Weeding

Activities carried out during hot season

___Fishing

___Harvesting crops

___Collecting sand

___Digging

___Repairing roofs

Work to do

- 1.** What is a season?
- 2.** Write down activities done during the rainy season.
- 3.** Which seasons are experienced in our county?

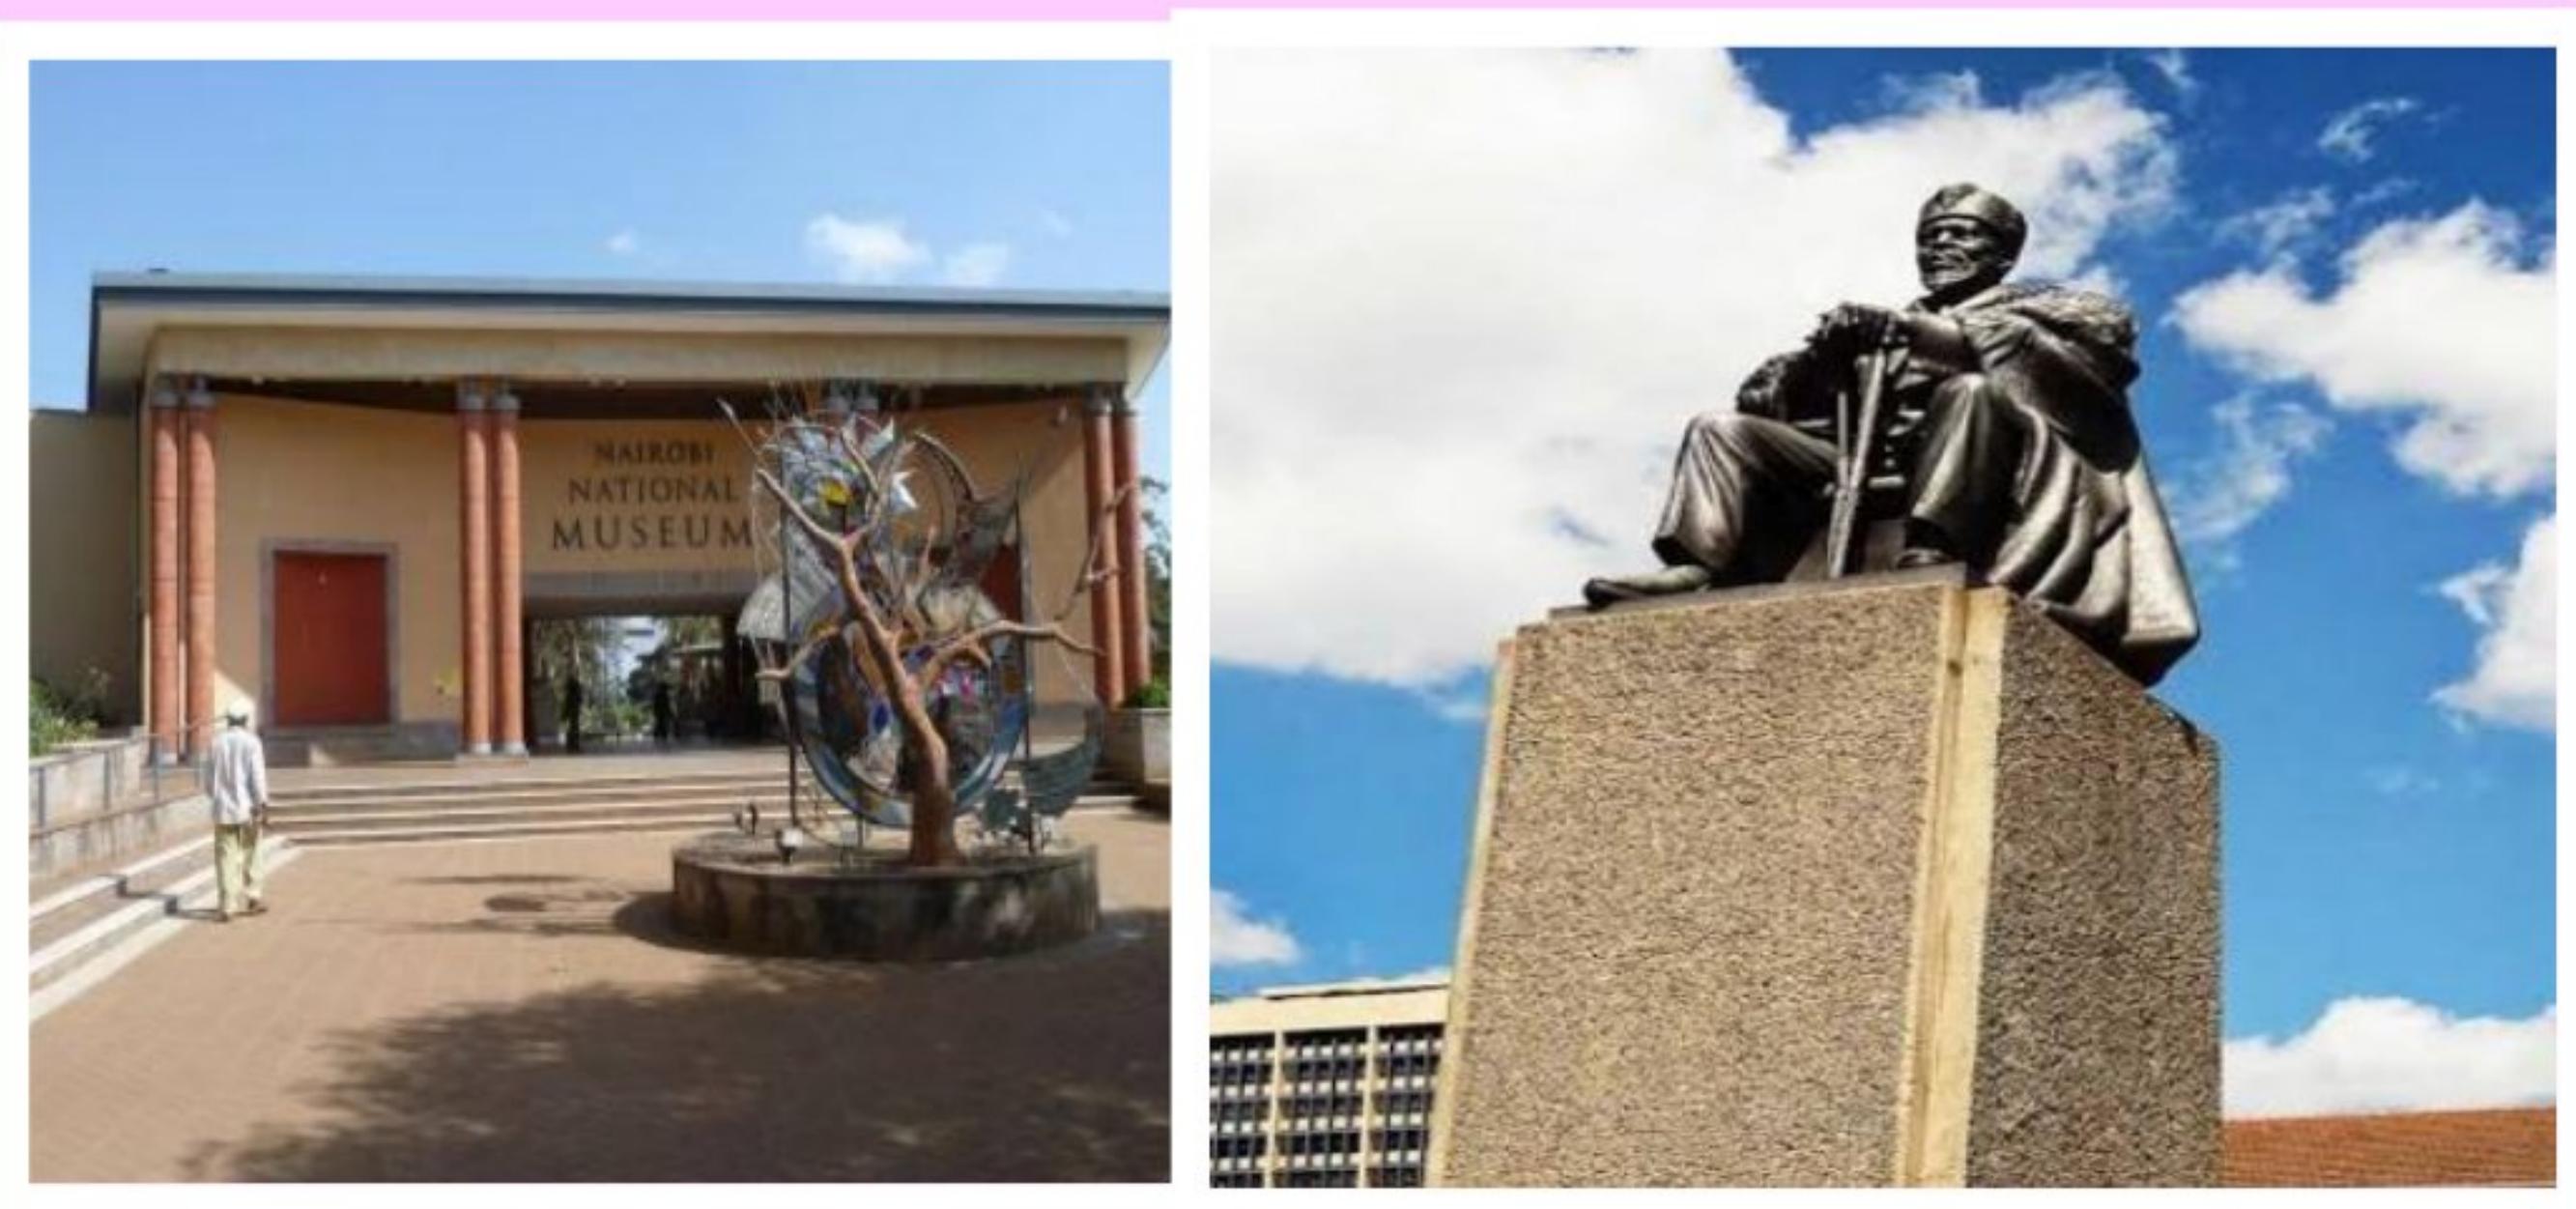

Built environments

— A built environment refers to the environment made by human beings to enable them carry out various activities.

Historical built environment in the county

Historical built environment have way of life and beliefs about people.

Kenya is blessed with numerous historical built environments.

They include; museums, monuments, cultural centres and old buildings.

Examples of Historical built environment in Nairobi county

- Nairobi museum.
- Jomo Kenyatta statue.
- Bomas of Kenya.

What i should know

Museum is a place where works of art, culture and other important items are kept.

Museum curator is a person who is in charge of objects in a museum.

Monument is a structure that reminds people of important events or famous people.

Cultural centre is a place or building that promotes the culture of a community.

Importance of the historical built environment

- ___ Help us to learn our history and culture.
- ___ Promotes peace and unity as we are able to understand other cultures.
- ___ Source of revenue to our county.
- ___ It has created employment to many people.

Ways of taking care of historical built environment

- ___ Ensuring there's a good security in history buildings.
- ___ Keeping the monuments and cultural centre buildings clean.
- ___ Repairing cultural centre buildings.

PEOPLE AND POPULATION

Interdependence of people

Depend – to rely on somebody or something for a certain thing.

Interdependence - being dependent on each other for different things.

We need each other in different ways

We cannot get all the things we need.

Interdependence makes work easier.

It also promotes unity among the people.

Importance of interdependence in the county

It promotes love and unity.

Work is done faster.

The environment is taken care of.

It leads to development of schools ,roads and hospitals.

Members of the community are able to get the things they need for their families.

Population distribution in the county

Population – refers to the total number of people living in an area.

Population distribution – is the way people are spread out over a given area of land.

Population distribution can be dense , sparse or uneven.

Areas with both sparse and dense populations are said to be uneven.

Dry areas are sparsely populated.

Many dots on a map means that the population distribution in that area is dense.

Few dots on a map means population distribution in that area is sparse.

Factors that contribute to dense population

Fertile soils.

Water.

Good transport and communication.

Good climate.

Trading centres.

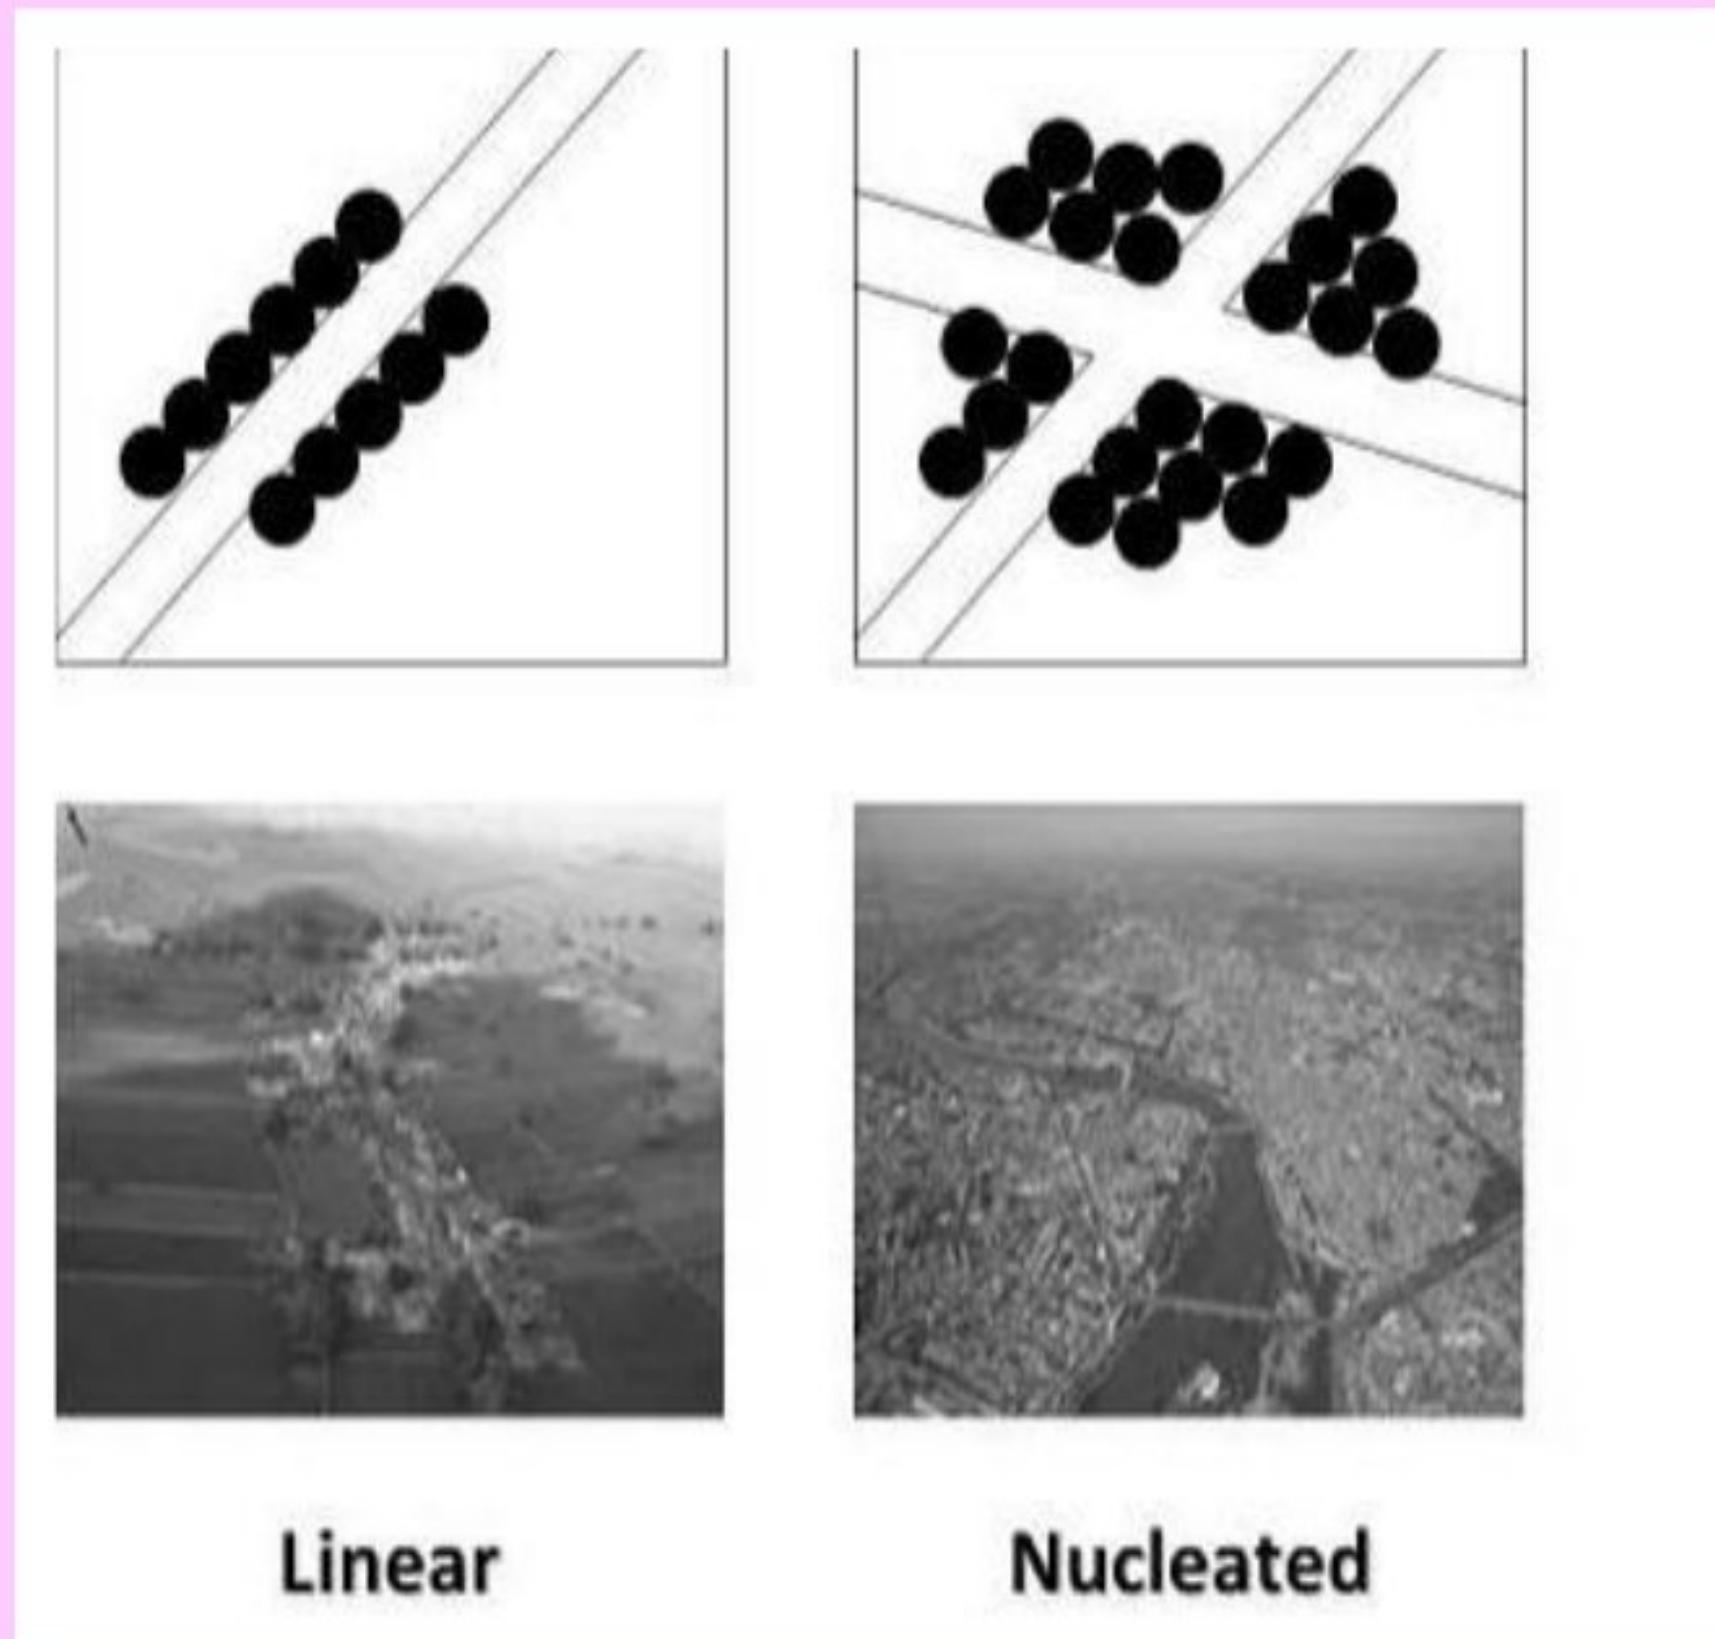

Flat lands.

Factors that contribute to sparse population

- ___ Steep slopes .
- ___ Harsh climate .
- ___ Lack of water.
- ___ Pest and diseases
- ___ Large tracts of land being utilized for farming.
- ___ Some vegetation.

Patterns of population distribution

- ___ People settle on the land in different ways.
- ___ Population in an area can form different patterns.
- ___ The patterns of population distribution may be represented on a map using colour, shading as well as dots.
When people settle along a certain road, a river or railway- it is referred to as **linear pattern** .
- ___ When people settle around a water point, an industry or a town- the pattern is referred to as **clustered** or **nucleated** .
- ___ When people settle without any order. The houses are built anywhere- the pattern is referred to as **scattered**.

Work to do

- 1.What is population?
- 2.An area that has many people living close together is _____ populated.
- 3.Draw an area that is :
 - a. Sparsely populated.
 - b. Densely populated.

CULTURE AND SOCIAL ORGANISATIONS

Culture- is the way of life of a community.

It is influenced by the customs, beliefs and traditions of a community.

It can be seen through:

- The way we dress.

- The food we eat.
- The houses we live in.
- Sports and games we take part in.
- Festivals and ceremonies.
- The artefacts they keep.

What I should know

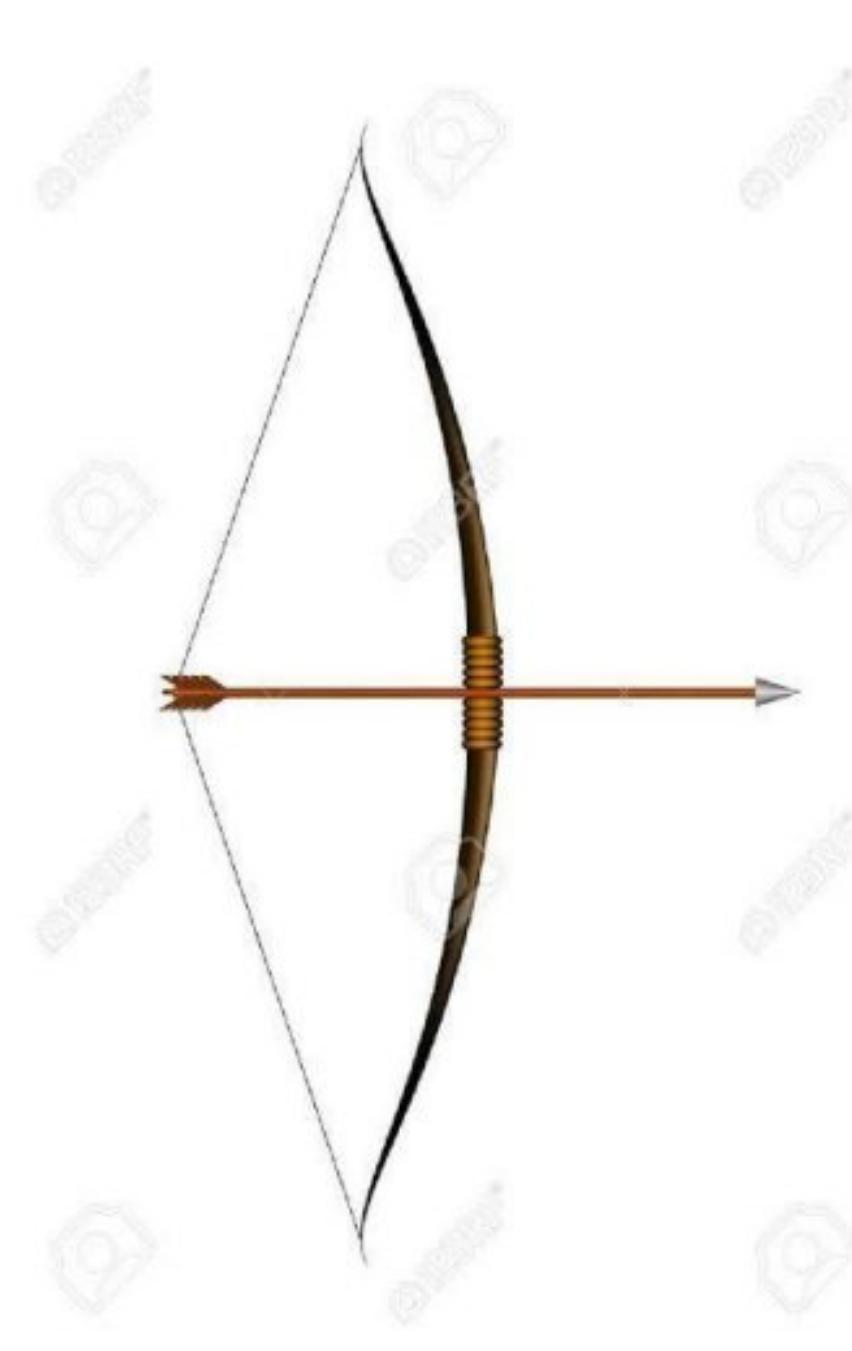

Aspects of culture – are also referred or known as elements of culture.

Artefacts – are tools and items that were made and used by our ancestors.

Cultural artefacts are kept in a museum.

Examples of cultural artefacts

- Bows and arrows.
- Drums and jingles.
- Bangles,bracelets and earrings.
- Gourds and calabashes.
- Spears and shields.

Work to do

1. What is culture?
2. Name the aspects of traditional culture in your county.

The School

A school is an institution where learners go to learn.

The history of the school

- ___ Every school has its own history.
- ___ Learners should get informed of how their school started.
- ___ Here are some of the things learners should know about their school:
- The year in which their school was started.
 - Who started the school.
 - The reason why it was started.
 - Who was the first head teacher.
 - How many pupils were there when it got started.
 - How many teachers were there when it was started.
 - Who is the current head teacher.
 - How many learners are there now.

The school motto and values

School motto - a short statement about the aims and beliefs of a school.

Importance of a school motto

A school motto guides the behaviour of learners.

It helps learners to remember what they need to do to perform well in school.

It encourages learners to develop some values such as patience, determination and discipline.

Where a school motto can be written

- ___ On the school sign post.

- On the school gate.
- On the school van or bus.
- On the school badge.
- On the pupils exercise books.

Examples of a school motto

- Strong foundation is the key to success.
- Pathway to excellence.
- Hard work pays.
- Education is the key to success.
- Aspire for success.

Work to do

1. Write down your school motto.

Core values in the school

- These are the most important beliefs of a person or group.

Examples of core values

- Unity.
- Respect.
- Responsibility.
- Love.
- Determination.

The school routine

- A school routine is a set of activities that have been planned to take place every day in the school.

- Day schools and boarding schools have different routines.
- Lower and upper primary have different routines.
- A class timetable shows part of the school routine.
- A school routine guide us in our activities at school.

Work to do

1. What is a school motto?
2. Write to places where a school motto can be written.

a)
b)
c)

3. The _____ values of a school can be found in a school routine.
4. What is a school routine?
5. What is a school ?
6. What are some of the core values in a school?

a) _____
b) _____
c) _____
d) _____

RESOURCES AND ECONOMIC ACTIVITIES

- Resources are things that we use to make income or create wealth.
- Water, soil, animals, forests and minerals are examples of resources.
- People in the counties exploit resources to create wealth and satisfy their needs.
- We should strive to conserve our resources so that the future generations can benefit from them.

Work to do

1. Name water bodies found in your county.
2. Name some forests found in our county.
3. Animals kept at home are called _____.

4. Many trees growing together are called _____.

5. Name three types of soils in your county.

Economic activities in the county

___ People do different activities to earn money.

___ Economic activities are the various ways we use resources to earn money.

___ The major aim of economic activities is to produce goods and make them available to consumers .

Main economic activities in our county

___ Agriculture

___ Trade

___ Transport

___ Communication

___ Fishing

___ Industry

___ Forestry

___ Tourism

___ Fishing

Trade in the county

___ Trade is an economic activity that involves buying and selling of goods and services.

___ There are two methods of trades ; Barter trade and currency trade.

___ Barter trader occurs when two people exchange goods and services without use of money.

___ Barter trade is not flexible.

___ Goods cannot be broken into smaller units.

___ Currency trade involves the use of money.

___ Money was introduced by Europeans.

___ Before introduction of coins and notes, Arabs used cowrie shells or beads as currency.

___ All counties have trading centres or markets where trade takes place.

Importance of trade in the county

___ Promotes peace and understanding.

___ It enables people to get jobs.

___ It leads to interaction of people in the county.

___ It leads to the growth and expansion of towns.

___ It enables people to get goods and services they need.

___ It enables the county to collect taxes (revenue).

Taxes is the money paid to the government to enable it provide services to the people.

Work to do

1. ___ What is trade?

2. ___ The exchange of goods for other goods is known as _____.

3. ___ The use of money to pay for goods and services is known as _____ trade.

4. ___ Which people introduced coins and notes?

5. ___ Write down three ways on how trade is important in your county.

Industries in the county

___ Industry is an activity where raw materials are made into useful products.

___ There are modern industries and traditional industries.

___ In traditional industries, production is on small scale.

___ Most of the work is done by people as opposed to machines.

___ Traditional industries have been around for a long time.

___ Modern industries produce goods on a large scale.

Examples of Traditional industries

___ Weaving and basketry

___ Leather work

___ Pottery

___ Ironworking

___ Woodwork and carving

- Boat making
- Granary making
- Gourd making and beading.

Examples of modern industries

- Cement manufacturing
- Petroleum refining
- Tea processing
- Milk processing
- Paper making
- Steel making
- Baking
- Computer assembly

Benefits of industries in the county

- People are able to get goods that they need.
- Industries provide jobs for the people in the county.
- Industries brings development to the county.
- The county government earns money from industries.

Transport

- This is the movement of people and goods from one place to another.
- Transport takes place in all counties

Forms of transport

- Roads
- Railways
- Water
- Air
- Pipeline

Means of Transport

- Buses
- Cars
- Lorries
- Trains
- Aeroplanes
- Ship
- Boats

Communication

This is the sending of messages or information from one person to another.

Examples of means of communication

Radio.

Newspapers.

Mobile phones.

Television.

Letters.

Mining

This is the activity of removing/extracting minerals from the ground.

Examples of minerals

- Iron
- Salt
- Gold
- Gemstones
- Sand
- Oil
- Coal

Forestry

- ___ This is the planting of trees and taking care of them. It is also taking care of trees that grows on their own.
- ___ Many counties have forest.

Examples of forests in Nairobi county

- ___ Karura forests
- ___ Ngong forest

Tourism

- ___ This is the practice of travelling from one's home area to other places to see interesting things.

Enterprise project in School

Project - is any work that is planned and done in an organised way to produce something new or to improve something.

Enterprise- A big project that brings money or income.

Projects we can start in school to earn money

- ___ Growing of kales.
- ___ Rearing of rabbits.
- ___ Poultry farming.
- ___ Making necklaces and bangles from seeds and beads.
- ___ Growing of onions.
- ___ Making flower vases from used plastic containers.

Planning for projects

- ___ Sharing roles and duties.
- ___ Writing down rules for the project to ensure safety.
- ___ Deciding on the things that need to be available for the project. (Budget)
- ___ Deciding on how to market the project.
- ___ Getting out permission from the head teacher/school director to carry out the project.

Carrying the project

- ___ Making the items e.g necklaces, bangles etc
- ___ Marketing the items.
- ___ Selling the items.
- ___ Checking on the success of the project.

Work to do

- 1.** What is a resource?
- 2.** Name three resources in our county?
- 3.** Protecting and taking care of resources is called _____.
- 4.** What is an enterprise project?
- 5.** Name five enterprise projects we can carry out in school.
- 6.** What is an industry?
- 7.** Name three industries in our county.
- 8.** Name two types of trade.
- 9.** Write five benefits of trade.

10. What is an economic activity?

POLITICAL SYSTEMS AND CHANGE

Community leadership

Community leaders are people who are recognised in the community as having a special abilities, talents, gifts or knowledge.

They represent the community's interests and plays a role of protecting them. This role could be paid for or voluntarily.

Keep important telephone numbers e.g those of parents and police to call when in trouble.
Talk about cases of abuse to those people that you trust.

Child rights

These are entitlement that children are supposed to be given
They include;

- ❖ Right to food.
- ❖ Right to shelter.
- ❖ Right to clothing.
- ❖ Right to education
- ❖ Right to play.
- ❖ Right to be protected from abuse.

Work to do

- 1.** Name three cultural practices that are harmful to children.
- 2.** Write down three ways in which children are abused.
- 3.** Name five effects of child abuse.
- 4.** Name three ways that can be used to protect children from abuse.

Peace

Peace is a state of calmness without quarrels or fights.
It is referred as the state of being in harmony with others.

What promotes peace in school?

- ___Respecting each other.
- ___Obeying school rules and teachers instructions.
- ___Being punctual in school.
- ___Finishing teachers assignments.
- ___Treating each other fairly.
- ___Doing duties given to you.
- ___Helping those in need like persons with disabilities.

N/B : Things that promote peace are also known as factors that promote peace.

Peace education project

- ___Identifying a peace education project that can be undertaken in school.
- ___Initiating the peace project at school.
- ___Planning a peace project at school.
- ___Sharing responsibilities for peace project at school.
- ___Evaluating success of peace project at school. The good things.

Peace project ideas

- ___Peace education clubs.
- ___Peace garden
- ___Host conflict-resolution workshops.
- ___Conduct entertainment programmes including skits and plays.
- ___sports tournaments.
- ___Make posters for community sensitisation.

Work to do

- 1.** What is peace?
- 2.** Identify four factors that can promote peace in school.
- 3.** How can we live in peace with others in the school?
- 4.** Give two benefits of living in peace in school.

GOVERNANCE IN KENYA

Democracy in school

Democracy is a situation when people are given freedom to make discuss and share ideas freely.

Learners are treated fairly and are allowed to take part in making decisions on issues affecting them.

It brings about feelings of satisfaction and justice among learners.
